You can buy Tivikay in our online pharmacy.

Tivicay: price

Our pharmacy has an affordable price for the drug Tivikay, since we work with suppliers directly, so patients with HIV infection always have the opportunity to receive timely and high-quality treatment.

Reviews of the drug Tivikay

Infectious disease doctors respond positively to the drug Tivicay, noting a persistent improvement in patients as early as a week or two after the start of regular drug therapy. The basic rule that should always be adhered to is to use the drug only as directed by the attending physician and never self-medicate.

This is a drug showing high clinical efficacy against the human immunodeficiency virus. The active substance of the drug, dolutegravir, blocks the multiplication and development of the virus in the patient's body, due to which, in the process of intensive treatment, it is possible to achieve remission of the disease.
